Reopening of Prosecution After Appeal Brief or Reply Brief

In view of the Appeal Brief filed on 3/27/2006, PROSECUTION IS HEREBY REOPENED. A new ground of rejection is set forth below.

To avoid abandonment of the application, appellant must exercise one of the following two options:

(1) file a reply under 37 CFR 1.111 (if this Office action is non-final) or a reply under 37 CFR 1.113 (if this Office action is final); or,

(2) initiate a new appeal by filing a notice of appeal under 37 CFR 41.31 followed by an appeal brief under 37 CFR 41.37. The previously paid notice of appeal fee and appeal brief fee can be applied to the new appeal. If, however, the appeal fees set forth in 37 CFR 41.20 have been increased since they were previously paid, then appellant must pay the difference between the increased fees and the amount previously paid.

A Supervisory Patent Examiner (SPE) has approved of reopening prosecution by signing below:

Allowable Subject Matter

Claims 1-3, 5-7, and 9-10 are allowed.

The following is an examiner's statement of reasons for allowance:

The closest prior arts of record, namely Linnartz and Rao et al., alone or in combination fail to fairly disclose "selecting from plurality of sets of watermarks, a set of

basic watermark patterns (each set including two or more basic watermark patterns) in dependence on the image parameter wherein this whole set of basic watermark patterns is then used to watermark the image, e.g., by tiling".

Linnartz discloses a watermark data signal generator 11 generating a different watermark data signal $w_{\text{subi}}(n)$ for each watermark W_{subi} . In the given example, the video image is assumed to represent a vertical transition from a luminance value 10 to a luminance value 80 wherein the range of luminance values $p(n)$ is assumed to be 0-255 (Linnartz, col. 2, lines 12-67).

Rao et al., discloses a "reference watermark strength" which is the statistical average of the different watermark strengths selected by the subject for the reference image ... (col. 8, lines 21-51).

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
